### 3. Product Description

Nature's Ice Melt is a high-performance, all-natural, environmentally friendly, low corrosion de-icing product used to clear snow and ice from roadways, walkways, driveways, and parking lots used extensively by retail customers, state and local governments, and commercial de-icing companies.

#### BASIC USE:

Recommended for:

- Driveways
- Sidewalks
- Walkways
- Entryways
- Parking Lots
- Steps

### 4. Advantages/Benefits

Nature's Ice Melt has several advantages including:

- Effective to 5°F
- Non-hazardous, contains all natural ingredients
- Environmentally friendly, safer for roads, sidewalks, and landscaping
- Penetrates ice quickly and deeply, breaks bond between the ice and the surface
- Dissolves slowly and stays on longer to help prevent freezing of new snow or ice
- Uses up to 50% less than ordinary salt
- Free-flowing at low temperatures
- Adheres to road surfaces more effectively than dry salt, minimizing loss from wind and traffic scatter
- Reddish/pink natural color absorbs the sun's heat to provide additional melting strength
- Unique color acts as a guide to show how much has been applied and where, preventing over application
- Uniform size to promote faster melting and added traction
- Conveniently packaged to keep in cars and trucks when extra traction is needed

### 5. Application

- For best results, remove any existing loose snow, slush, and ice from driveways, steps, and walkways prior to application of Nature's Ice Melt
- Apply using any type of small spreader or by hand
- Evenly sprinkle Ice Melt on desired surfaces, melting should begin immediately
- Shovel off slush after the snow and ice have sufficiently melted
- Thick accumulations may require an additional application
- DO NOT USE on concrete less than one year old, or concrete not properly mixed, finished, or cured.

### 6. Technical Information

Total Chlorides	98.0 – 100%
Sodium Chloride	95.0 – 100%
Calcium, water soluble	0.03 – 0.10%
Magnesium, water soluble	0.01 – 0.10%
Potassium, water soluble	0.09 – 0.90%
Sulfate, water soluble	0.50 – 3.00%
Water insolubles	0.25 – 0.75%
Moisture	< 0.50%

### 7. Warning

This product contains green damp crystalline solid.

This can cause irritation or severe burns to eyes and skin with little or no warning. Wear protective boots, gloves and eye protection. Avoid contact with eyes or skin whether direct or indirect through saturated clothing. In case of contact with eyes or skin, flush thoroughly with water. If irritation persists or burning develops, seek medical attention.

If ingested, rinse mouth and drink plenty of water. Do not induce vomiting unless directed to do so by a physician or poison center. Seek medical attention if irritation develops.

READ AND FOLLOW ALL PRECAUTIONS LISTED IN THE MATERIAL SAFETY DATA SHEET(S) AVAILABLE UPON REQUEST.

KEEP OUT OF REACH OF CHILDREN
